

CONNECT AND QUESTION

Explore your connections with others in each of the communities you're a part of – from your unit to your global neighbourhood. In this program area, you'll discover more about your local communities, learn about Canada as a nation and dig into big-picture issues that impact the world.

Spin the globe and check out the world – it's about to get a whole lot bigger!

Local Communities:

Connect with the people, places and things that surround you. Discover how your communities work, and find your own place and space within them. In this theme you can...

(Younger girls)

- Go on a neighbourhood scavenger hunt
- Visit some important places in your community
- Create a community map

(Older girls)

- Plan a guided tour of your neighbourhood
- Create a community cookbook
- Brainstorm how to build on what makes your community great

Canadian Connections:

Discover what connects our diverse Canadian mosaic from coast to coast to coast. Explore Canadian heritage and discover amazing women from Canada who have made and continue to make history. Find out what connects us from community to community, and explore what citizenship means in Canada. In this theme you can...

(Younger girls)

- Meet a politician
- Get to know Canadian critters
- Have fun with maple syrup and discover how it's made

(Older girls)

- Get to know the politicians that represent you
- Share what defines Canada for you
- Explore multiculturalism in your community and beyond

World Stage:

Become a citizen of the world! Connect to your global community by exploring big-picture issues and celebrating the things that bring people together from all over the world. In this theme you can...

(Younger girls)

- Discover the rights you share with kids everywhere
- Share what peace means to you through crafts and creations
- Have fun learning about global competitions and events

(Older girls)

- Learn about the goals the whole world is working towards
- Share your vision for peace through community art
- Get to know artists, athletes and innovators from around the world
